

The baseball bat wine decanter for everyday use or long-term display

Grab a Bat from The Corked Bat Collection

Decanter baseball bats from The Corked Bat Collection are frosted glass and the same specifications of an adult baseball bat (32.5" long; 2 1/8" barrel circumference). The bat is hollow, yet sturdy. Exactly 750ml of wine fits in the Corked Bat, the amount of wine in a standard bottle.

Fill the Corked Bat & Pour a Glass

Each Corked Bat comes supplied with two pouring spouts, so you will never stain your tablecloth. Due to their flexible design, simply roll up the spout, insert it in the wine bottle and fill the Corked Bat. The spout then fits into the Corked Bat so you can easily and neatly pour from the Corked Bat into a wine glass. Cork the decanter when you are done with the enclosed cork topper.

Display Your Corked Bat Collection Proudly

Store it on your wall, in your kitchen, or show it off to your friends.

Corked bats are perfect as birthday presents, Father's Day gifts, or as a showing of appreciation for your son's baseball coach or wine enthusiast friend. Buy two to store a Chardonnay and a Cabernet. Or fill them with candy for your child's holiday party. They also make great corporate gifts.
